EduNavi360 Teachers Guide: Shaping the Next Generation of Thinkers, Makers & Leaders

EduNavi360 Teacher Resource Guide

Welcome to EduNavi360, Teachers and Educators!

EduNavi360 is Kenya's first AI-powered digital platform for career guidance. Designed to support the Competency-Based Curriculum (CBC) and other global models, EduNavi360 empowers learners to explore their interests, identify their strengths, and align with future careers in a rapidly changing world.

As a teacher, your role is central in helping learners interpret the information and insights provided by EduNavi360. This guide equips you with tools, strategies, and support to integrate the platform into your daily practice.

At EduNavi360, we recognize teachers as the anchors of learner development; you shape not only what learners know, but how they grow.

As Kenya continues implementing the Competency-Based Education (CBE) and increasingly adopts international learning standards, your role has never been more important. Beyond delivering content, you're nurturing **skills, values, creativity, and purpose**; preparing learners for a world that is dynamic, global, and VUCA (volatile, uncertain, complex, and ambiguous).

EduNavi360 is here to walk with you, offering **AI-guided career exploration tools**, learner development resources, and mentorship pathways aligned with CBC and 21st-century learning goals.

This guide equips you to:

- Understand how career guidance works within CBC and other global models
- Use EduNavi tools in class or clubs to support learners
- Collaborate with parents, mentors, and school heads for whole-child development
- Connect your teaching with real-world careers, values, and learner agency

EduNavi360 Teachers Guide: Shaping the Next Generation of Thinkers, Makers & Leaders

Together, we can shift the focus from "what do you want to be?" to **"who are you becoming?"**

Let's raise a generation of curious, confident, and future-ready learners — with **you** at the heart of that journey.

EduNavi360's Vision & Mission

- **Vision:** To empower learners globally to make informed academic and career decisions rooted in self-awareness, global perspectives, and future-ready skills.

- **Mission:** To provide inclusive, AI-powered, and mentorship-supported tools that guide learners through their education and career journey in a rapidly changing world.

1. Understanding EduNavi360

 EduNavi360 offers:

- Personality, Interest & Value-based assessments

- Career exploration tools aligned to RIASEC and CBC pathways

- AI-driven dashboards for self-reflection and SMART goal setting

- Mentorship connections and virtual career days

- Career resources for skill building and 21st-century readiness

2. Teacher's Role in Learner Career Development

- Facilitate digital assessments and guide learners in interpreting results

- Link learning areas with real-world applications

- Use insights from EduNavi to support academic and career conversations
- Collaborate with fellow teachers to reinforce subject-career connections

3. **Integration with the CBC Career Pathways**

- Support learners in identifying pathways: STEM, Social Sciences, Arts & Sports
- Help learners map Junior School subjects to Senior School and career options
- Reinforce skills like problem-solving, teamwork, and digital fluency through daily lessons

4. **Classroom Activities Using EduNavi360**

- Career Journaling: Have learners document their assessment outcomes and reflections
- Career Web Quests: Guide students to explore careers online and link to CBC subjects
- Group Mentorship Sessions: Coordinate live or virtual sessions with mentors
- Portfolio Building: Assist learners in compiling their personal career portfolios

5. **Supporting VUCA World Readiness**

Use EduNavi to foster:

- Adaptability: Introduce new fields like green and digital careers
- Communication: Host class debates on future of work topics

EduNavi360 Teachers Guide: Shaping the Next Generation of Thinkers, Makers & Leaders

- Lifelong learning: Encourage students to set continuous improvement goals

6. Parental Involvement

- Share learner career reports with parents/guardians
- Encourage parent-teacher discussions around learner pathways
- Inform families about how EduNavi supports home-based exploration

7. Professional Development & Support

- Join EduNavi training webinars and WhatsApp groups
- Access teacher resources through the EduNavi360 portal
- Provide feedback on tools and student outcomes to improve delivery

8. Frequently Asked Questions

Q: How often should students use EduNavi360?

A: At least once per term for assessment and exploration, but ideally as part of ongoing learning

Q: What if my school has limited internet access?

A: Offline versions of some tools are available; printed reports can also be shared

Q: How do I track student progress?

A: Use each learner's dashboard or request printouts to file in career portfolios
